WOLFARC™

# WolfArc Wolf Robotics Turnkey Solution

WolfArc enables users to activate different weld modes and configure the welds for use with a robot. This system also provides feedback on weld quality, thereby increasing the overall quality of production.

## The WolfArc Advantage:

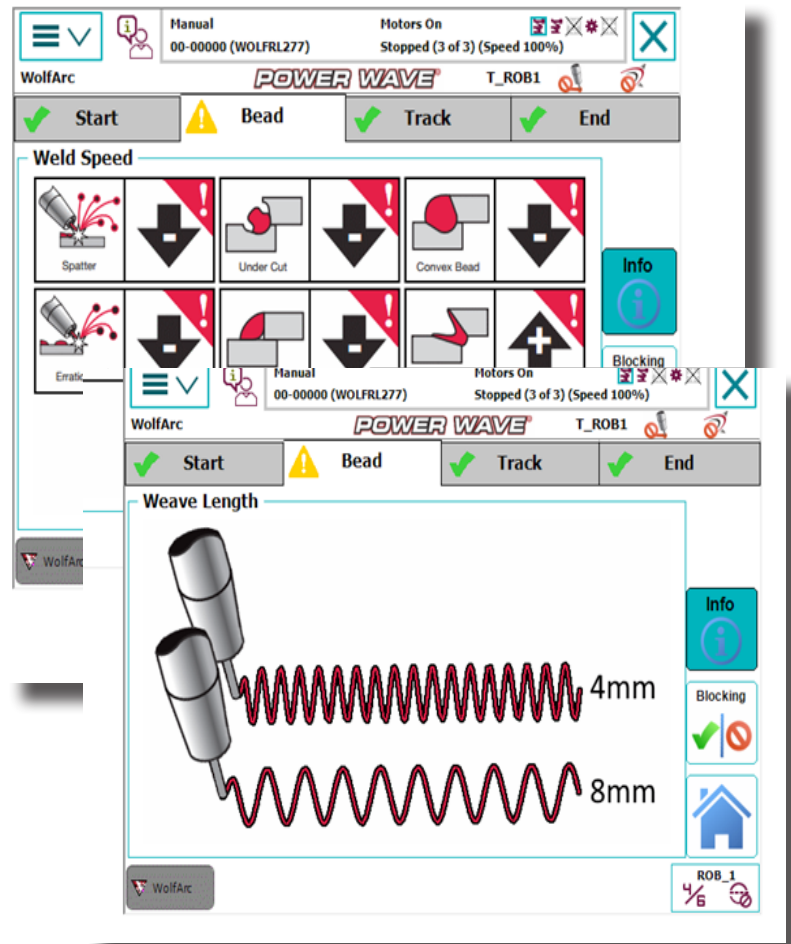

- Increased efficiency & faster programming with seamless integration between the robot and welder
- Simplified weld process development from rapid part programming & increased ease-of-use
- More time spent producing parts & less time spent on developing welds

## WolfArc Includes:

- Integration to Power Wave®/WeldScore via ArcLink
- Operator tracking
- Weld parameter visual explanations
- Mobile usage capabilities
- Weld quality cause & effect visuals
- Graphical data editor
- Weld library & templating
- System diagnostics
- Programmer friendly user interface
- Peripheral equipment
- Reports
- Service functions

## Options:

- Remote Diagnostics

## CUSTOMER ASSISTANCE POLICY

The Lincoln Electric Company is manufacturing and selling high quality welding equipment, consumables, and cutting equipment. Our challenge is to meet the needs of our customers and to exceed their expectations. On occasion, purchasers may ask Lincoln Electric for information or advice about their use of our products. Our employees respond to inquiries to the best of their ability based on information provided to them by the customers and the knowledge they may have concerning the application. Our employees, however, are not in a position to verify the information provided or to evaluate the engineering requirements for the particular weldment. Accordingly, Lincoln Electric does not warrant or guarantee or assume any liability with respect to such information or advice. Moreover, the provision of such information or advice does not create, expand, or alter any warranty on our products. Any express or implied warranty that might arise from the information or advice, including any implied warranty of merchantability or any warranty of fitness for any customers' particular purpose is specifically disclaimed.

Lincoln Electric is a responsive manufacturer, but the selection and use of specific products sold by Lincoln Electric is solely within the control of, and remains the sole responsibility of the customer.

Many variables beyond the control of Lincoln Electric affect the results obtained in applying these types of fabrication methods and service requirements.
